

*Hello !!!*

# I'm Ashutosh Sahu

**PROFESSIONAL DEVELOPER**

I'm a Full Stack Developer & Digital Marketer skilled in React, Next.js, Node.js, and MongoDB. I also specialize in Performance Marketing, Social Media Marketing, and SEO. I build scalable web apps and drive lead generation through result-driven strategies—delivering digital solutions that are both technically sound and optimized for growth, user experience, and business impact.

# MY BIOGRAPHY

I am a dedicated and versatile Full Stack Developer with a passion for building efficient, user-friendly web applications. My technical expertise includes React, Next.js, Node.js, MySQL, and MongoDB. What started as a curiosity about how websites function has grown into a fulfilling career where I continuously take on new challenges and strive to improve my skills. . In addition to development, I have over 3 years of experience in Digital Marketing and Web Development. I specialize in SEO, PPC, Social Media Marketing, Content Marketing, and Website Development, helping businesses generate qualified leads, increase conversions, and build a strong online presence. . I thrive in collaborative, fast-paced environments where innovation and problem-solving are essential. I am committed to delivering high-quality, impactful digital solutions that align with business goals. Beyond work, I stay updated with emerging tech trends and actively contribute to open-source projects, fueling my passion for continuous learning and growth.

# SELECTED PROJECT

# Veleroso | Real Estate Company

Veleroso is a modern tour and travel website built using the MERN stack (MongoDB, Express.js, React, Node.js). It leverages cutting-edge web technologies to provide users with an intuitive and seamless experience for exploring travel destinations, booking tours, and planning trips. Houzez combines dynamic data handling with an interactive UI, making it a comprehensive platform for travel enthusiasts.

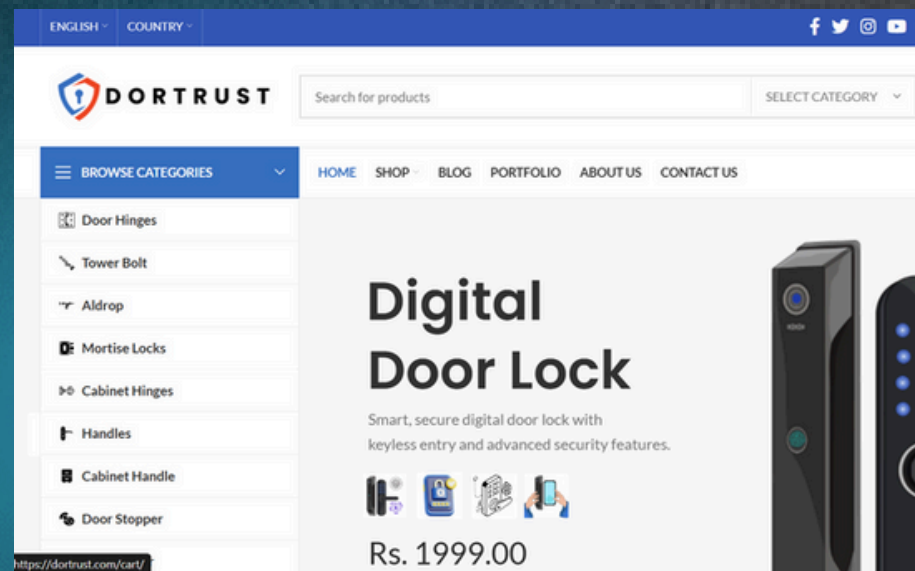

# Nilachakra Tour and Travel | Travel Agency

Exponair is an event management company where I am actively involved in developing and maintaining the website. My role includes creating a user-friendly interface, integrating event management features, and optimizing the site for enhanced performance. I also focus on content management and digital marketing strategies to boost online visibility.

# SELECTED PROJECT

# 2024 - 2025

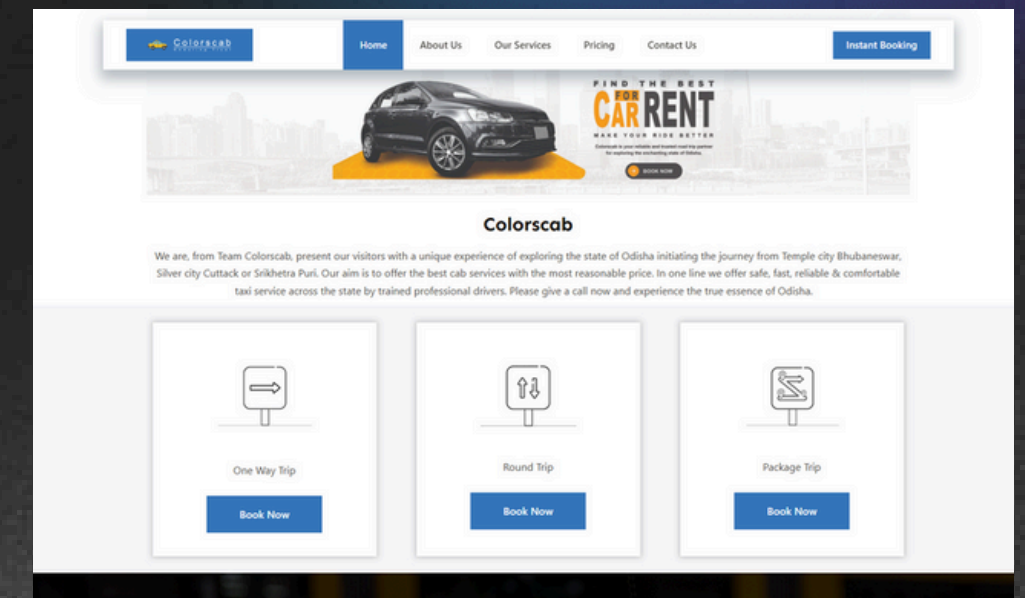

## Dortrust | Ecommerce Website

At Dortrust, a hinges, handles, and lock manufacturing company, I managed social media marketing and performance campaigns to generate leads and boost sales. My focus was on targeting wholesalers and dealers through Meta and Google Ads, creating high-converting ad creatives, and optimizing campaign performance.

## Homex Design | Interior

Home Design & Décor Website is a project where I developed an aesthetically pleasing and interactive platform to showcase interior design ideas and home décor solutions. My role included creating visually rich galleries, implementing filtering options by room or style, and optimizing the site for performance and SEO.

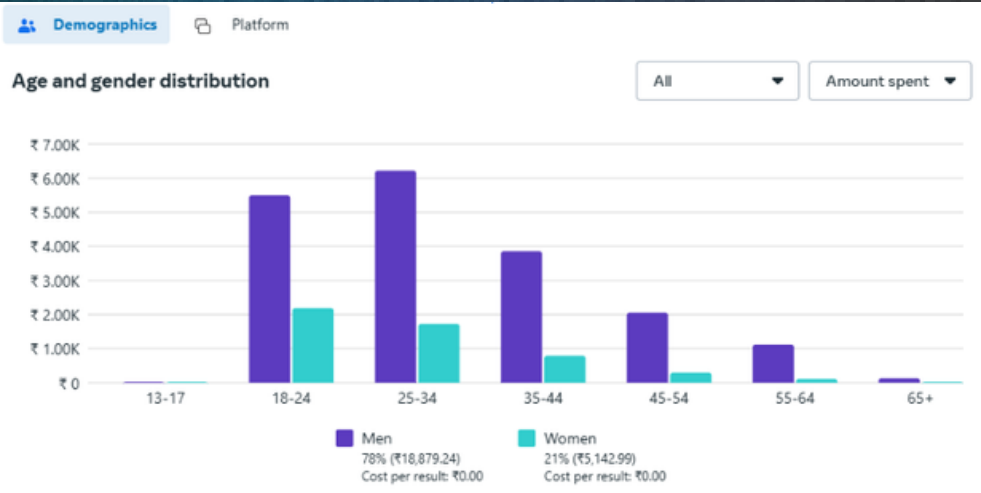

## Colorscab | Tour & Travel

Car Rental Company Website is a project where I was responsible for developing and optimizing a responsive and user-friendly platform to simplify the car rental process. My work involved creating features like vehicle listings, booking and payment systems, and real-time availability tracking.

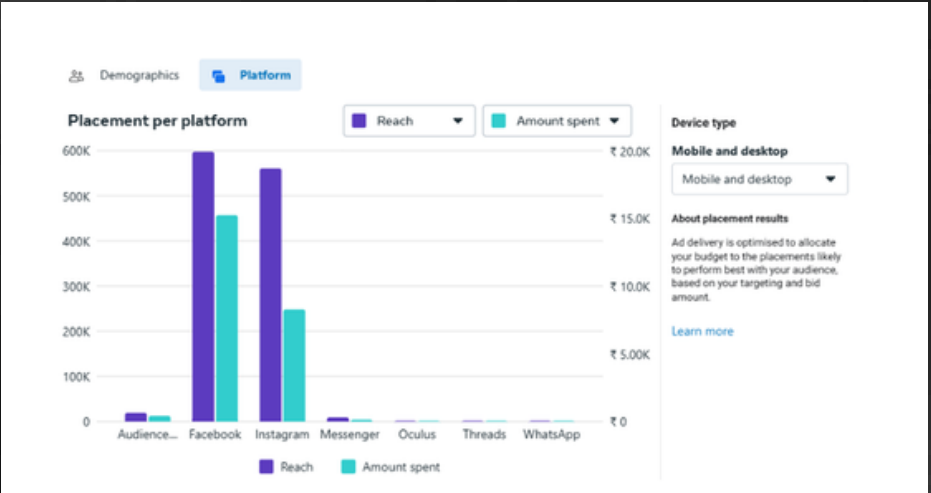

# SMM PROJECT

2024 - 2025

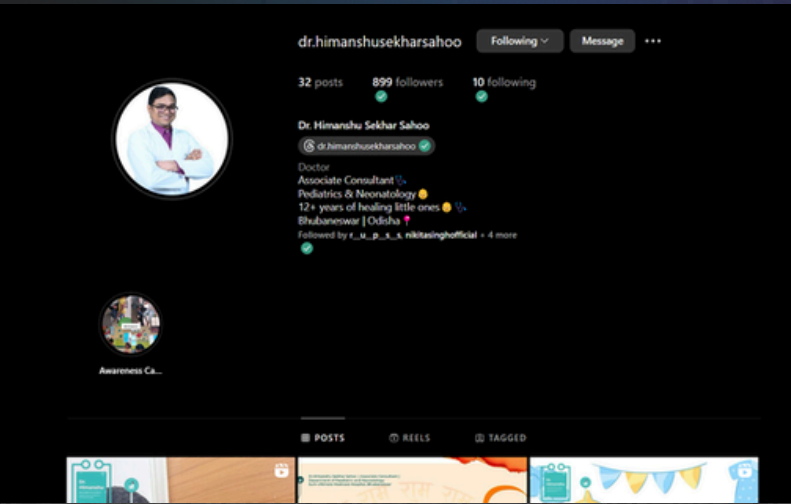

## Kedge RealEstate

At Kedge RealEstate, I managed Google and Meta ad campaigns focused on lead generation for plot sales. My role involved creating targeted performance marketing strategies to attract potential buyers, optimize ad creatives for higher conversions, and monitor campaign performance.

## TwinCity Infra Project

At TwinCity Infra Project, I executed Google and Meta ad campaigns aimed at generating leads for flat sales. I developed and managed performance-driven strategies to target potential homebuyers, designed compelling ad creatives, and optimized campaigns for maximum ROI.

## Dr. Himanshu

For Dr. Himanshu, I handled social media management across Facebook, Instagram, and Google Business Profile to build a strong digital presence and increase brand awareness. I created engaging, informative content tailored to the healthcare audience and ensured regular posting to maintain visibility.
